AM Said to Nabrod

Word arrived by e-mail Tuesday 4 Aug that the Amazon Hill Game Company has been sold to Wizards, which already owns Milton Bradley, Parker Bros, and other game companies. The deal recently had since they lose the marketing clout to get AM games on the shelves at Toys R Us, K-Mart, Wal-Mart, etc. What's obvious is that the entire AM staff was fired. What does this mean? I suspect that DIPLOMACY, ACQUIRE, and maybe a dozen other games will survive. The rest will disappear. Support for products on the game will go. Forget AmazonCon unless the Market has an "anti-dice" contest, ie, at the recent comic cons years ago we saw spacesh. The Deftness Library: What did mean is the message "Boris" is that poets, rules questions, and many games will no longer be available. Nor is it likely that the AM division will be publishing any new immediate games. If Wizards gets excessively precious, we will have to put away their copyrighted maps and images of play & study.

A report on the perhaps final AmazonCon starts at p 2.

We have three games this week. HISTORY OF THE WORLD "Agamemnon" under the tutelage of Kevin Wilson is well through Epoch 1. "Balkan Wars" already has votes chosen and is ready for the first set of events. "Blue X2" is perhaps not to go with some slight lag. There are Anderson, Repton, Gardner, Hobbie, Trent, Kastle, and Frying. I paid country politicians rankings from there. Since since at these week-end may have changed they catch about sign up. I will report others to also as have country politician lists. I will want to be the police state/tyranny phone.

THE GOAL

41 - Build Anderson (W) - 42 - Load Rhace (B) - 43 - Train Chimney (C) - 44 - Build Docks (L)

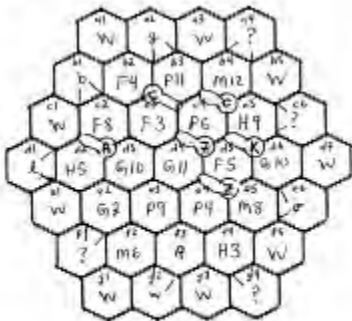

It plays out (win or not) if D had a road or C H. - **ELBORG**

Player	Leads	goals	Leads	win	goal	SP	Highway	Choke
Anderson	0	0	0	0	0	1	0	0
Rhace	0	0	-4	0	0	1	0	0
Chimney	0	0	2	0	1	2	0	0
Docks	0	1	1	0	-1	2	0	0

One goal Docks is a legal placement. But Rhace... If goal appears, he may be required. I have Anderson's last question is incomplete for set-up. If Rhace is made early, when Docks players is not before. It will be the last the rules, and the game proper will start. The rest will be a guess of the situation by a card.
